

Dear Principal, P.E. instructor, or coach,

Much of the news we read these days about youth fitness is discouraging. Recent studies have reported:

- The percentage of overweight young people has more than tripled since 1980
- Approximately 60% of obese children, ages 5 to 10, have at least one cardiovascular risk factor for cardiac attack or disease
- Children who are overweight by the age of 8 are 80% more likely to be overweight as adults

To help counter these trends and improve the health and fitness of American children, the American Heart Association and other organizations have made the recommendation that “school age youth should participate in 60 minutes or more of moderate to vigorous physical activity.” That activity will not only improve the student’s physical health, but mounting research suggests that physical activity and fitness improves academic performance as well. Sixty minutes a day is a challenging goal. In order to achieve this goal, we are encouraging your school to join the “Fit for Sound to Narrows Program”.

The “Fit for Sound to Narrows Program” is brought to you by the Tacoma City Running Club (TCRC). TCRC will provide training materials to your school that will include an eight-week program to get your students ready to compete in one of the three South to Narrows races: K-3rd grade – the 2k shuffle (1.1 mile), 4th- 5th grade – the 5k (3.1 mile) race, or the 12k (7.46 mile) race.

Materials provided will include **training guides** and **shirt for coaches, school posters, certificate awards** and **race t-shirts** for students. Tacoma City Running Club, upon request, will provide instruction and inspiration from Tacoma’s top runners and coaches.

Dates to remember

- Week of March 13 – Information sent out to local schools and organizations
- April 16 – Have information sheet returned to Fit for Sound to Narrows
- **April 17 – Eight-week training program begins**
- June 10 – South to Narrows Race Day

Happy Training!
